Presents

THE STORY OF BOB

Katy Hutchison is a concerned parent, author and restorative justice advocate with a compelling, real life story for students and parents. 350,000 people across North America have heard Katy speak. In this very personalized one hour presentation, entitled *The Story of Bob*, Katy clearly describes how alcohol and other drug use, peer pressure, and misguided choices in an unchaperoned setting caused devastation to her family. Through a powerful and poignant multi-media presentation, Katy shares how this traumatic event impacted her as a wife and as a mother of two young children. Her personal and interactive talk is designed to inform young people, and their parents, of the risks arising from using alcohol and other drugs and unsupervised settings, and to empower teens to make healthier choices so similar tragedies can be prevented. In addition, Katy explores the power of forgiveness and describes her own grassroots quest for restorative justice.
