CAREER CENTER ESTABLISHED AT MASSEY

On behalf of the Vincent Massey High School administration and student services team, I would like to take this opportunity to inform parents and guardians that our school has improved our commitment and our services to students in the area of career and post secondary planning. Effective September 2008, our school employs a full-time, permanent career and post-secondary technician/advisor and re-established the presence of this center and its related services in our building.

Our school's career and post-secondary technician/advisor is **Mrs. Stefanie Didychuk**. Mrs. Didychuk works closely with the Student Services Department and supports their work in the area of improving the necessary career and post-secondary services and resources for our students in our school.

The Career Center provides the following services:

- Access to University and College guides and applications
- Scholarship Information
- Resume and Cover Letter Assistance
- Career Employment and Research Assistance
- Posted Employment and Volunteer Opportunities
- Access to a Variety of Printed Resources

Career and post-secondary planning should start in the Grade 9 and 10 and continue throughout high school. Our new center will ensure that our students have the required information and assistance in developing their understanding and confidence in this very important aspect of their development.

Further information about our center and its services can be obtained by visiting our school web-site and going directly to the Career Center section of the web-site or by contacting Mrs. Didychuk directly through email, phone, or fax. Her contact information is as follows:

Email: didychuk.stefanie@brandonsd.mb.ca

Phone: 729-0339

Fax: 729-0363

Respectfully yours,

Mr. Terry M.J. Osiowy

Principal/Vincent Massey High School
